

Dear Hugh & St Brigid's Third World Group,

Greetings and hope this finds all of you in good form. I did not have your postal address so, I've sent this note via Sr Carol Breslin in Dublin.

The needs here are exploding and the size and complexity of the new twists and faces of Human Trafficking (HT) shows the ugly and awful degradation of humanity at its worst. I have continued with education to prevent HT. I got word ten days ago of a girl who was ready to go to Saudi to 'earn money' for university fees but with all the horrific stories I hear day after day, I could not see her take that route. Instead with our support she is going into Kenyatta University today to pay her fees and with a second hand laptop under her arm, you cannot imagine a happier girl in the world. Thank you again for all your support and hopefully when you have a donation, it will help me to bring a brighter future to the most needy and marginalised.

Ubarikiwe Sana (many Blessings on you).

Mary O' Malley, MMM
